IP**550**

A BUSINESS TELEPHONE DESIGNED FOR THE FUTURE WITH FAMILIAR FEATURES.

The IPitomy IP550 Sip based telephone is designed for busy business environments. The IP550 is the workhorse phone for any business with a wide range of telecommunications requirements. Equally at home on the desk of a corporate executive or on a conference table, the IP550 fits just about any business situation. With features that are based on the technology of the future, the IP550 also includes most of the familiar functions available on traditional business telephone systems too. The combination of high technology and practical functionality results in a standards-based telephone that is simple to use and won't require a long learning curve.

The full duplex speakerphone provides world class speaker phone quality. The attractive appearance and sturdy stand provide a professional look and feel. The IP550 enhances the performance of the IPitomy IP PBX systems and is far more integrated that other open standards SIP based end points.

The IP Phone incorporates many advanced features, designed to offer sophisticated functions together with easy operation.

The 20 soft keys, 6 programmable keys and 16 fixed feature keys provide all of the flexibility required for any business. Since the IP550 is designed as a SIP based telephone, it is capable of operation equally as well in or out of the office. Remote users can enjoy the same great features as though they were right in the office. The large graphical display conveniently displays caller ID information. Missed calls, dialed calls and received calls are stored and can be viewed, dialed or stored in the on board phone book.
